Let's talk about mental health
Lamp

Lamp Charity (Leicester Action for Mental Health Project) is a local mental health charity, established in 1989 which offers free to access mental health advocacy in Leicester, Leicestershire and Rutland.

In 2018, there were 595,000 cases of work related stress, depression or anxiety in the UK leading to 15.4 million working days lost.

In 2019/2020 it is reported that 17.9 million working days were lost.

Lamp wanted to tackle this issue by bringing together influential leaders of corporate organisations to share best practice, identify needs-based gaps in Mental Health within the work place and to enable those involved to make a difference with a collective voice. From this the Lamp Business Club was formed.

Our support to you

- Your company logo proudly displayed on Lamp's Business Club Membership webpage along with a link to your website. We will also provide a promotional social media 'Welcome to the Club' post.
- The opportunity to attend four exclusive Business Club Meetings a year. The meetings provide an open, non-judgmental space to discuss best practice and share knowledge and ideas. It also provides opportunity to network with like-minded colleagues who understand the importance of good mental health in the workplace.
- You will be able to use a Lamp Business Club Member logo to display on your company website, demonstrating your commitment to creating a mental health friendly workplace as well as your approach to Corporate Social Responsibility.
- Discounted bespoke training opportunities for your team focused around Mental Health
- Business Club Members will have the opportunity to be a keynote speaker at a meeting.
- The best thing is that your membership goes straight back into supporting Lamp and the work that we do. Your subscription helps our advocates support those in need.
